

Approval Fee Schedule

Version 2.5.4

June 2025

This document sets out the fees that apply under the ICROA Approval Programme and will be updated on an annual basis. Company size is categorised in line with the IETA definitions of company size and is determined as follows:

Company size	Number of Employees
Small	1-50
Medium	51-250 inclusive
Large	251 or more

Please note: For companies that are part of a larger entity, the invoice will reflect the size of the larger parent company. However, if you are an independent subsidiary operating as a separate business entity, the invoice will be based on your own company's size. This approach ensures that our fee structure is aligned with the scale and resources of your organization.

1. ICROA Approval Programme fees for IETA members

Fee	Size	Rate	Description	Timing	Pro-Rated
